doro[®] 

DESIGN BY DORO OF SWEDEN

Business Phones

Smart telephony begins with the right phones, which is why we provide business solutions independently of major switchboard vendors. We know you have better ways to spend your money than by paying premium prices for products packaged as accessories to expensive switchboard solutions.

Doro business phones are very well-adapted to the needs of today's workplaces and built according to strict quality standards for durability and long-term reliability.

aub200h

extra hygienic phone with easy to clean surfaces

A flat membrane keypad and an innovative, magnetic hook switch are part of a design that makes aub200h much easier to keep clean. Perfect for all types of care environments including elderly care facilities, hospitals, dental surgeries, etc.

Also available with Polygiene® antimicrobial technology (aub200h+sa) for permanent, built-in protection against harmful bacteria.

aub50

corded business phone

A durable, corded business phone for everyday use. This phone is wall mountable and supports PBX Message Waiting.

Congress 100

headset corded phone

A professional and durable phone featuring both headset outlet and a built-in jack for connecting additional equipment such as fax, cordless phone, caller ID display, credit card terminal, etc.

aub200

robust business phone

Aub200 is a corded business phone built to withstand intensive business use. Features headset outlet, 13 memories and built-in jack for connecting additional equipment such as fax, cordless phone, caller ID display, credit card terminal, etc.

Congress 150

corded phone with speed programming ability

Professional phone with one-touch memory buttons, message waiting lamp and group listening. An accessory programmer for uploading direct memories enables fast and easy mass deployment of hundreds of phones. Perfect for hotels and offices.

aub300i

phone line powered with LCD display

Designed for handling intensive business use, aub300i offers Caller ID* in combination with speakerphone and headset outlet. No power supply required if used behind PBX.

*Depending on network support and subscription

Congress 205

corded phone with LCD display

Congress 205 is a professional phone that offers Caller ID* in addition to convenient speakerphone, 16 direct memories and phonebook.

*Depending on network support and subscription

aub400gsm

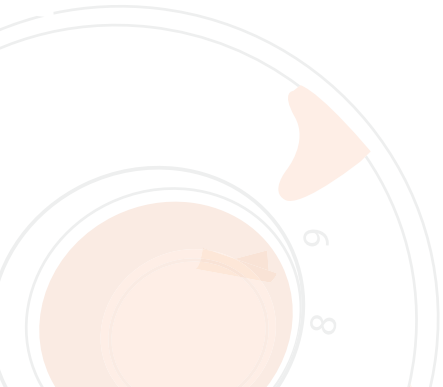

GSM desktop business phone

An excellent complement for businesses that have phased out fixed line telephony or prefer GSM as their primary phone network. Works like a mobile phone, but offers greater comfort for all day use. Other aub400gsm features include speakerphone and backup power via rechargeable battery pack. Dual band 900/1800.

760x pro

digital cordless phone for heavy duty use

Among its full range of features, 760x pro is splash, shock and dust resistant with vibration alert, making it just the phone for tough and noisy environments.
